

IM User Guide:

How to Activate the Console Cloud Sync With Inspection Manager

Step 1

In Console Cloud, navigate to Marketplace and click on the Inspection Manager tile

Step 2

Click **ADD TO CONSOLE CLOUD** and follow the instructions on the Console Cloud Marketplace pages to activate and retrieve your API key

Step 3

If you don't already have an Inspection Manager account, sign up for one on our website.

Are you a new client or existing client?

- New client
- Existing client

Step 4

Complete the web form here: <http://inspectionmanager.com/syncwithCC> to enter your API key and request activation of Cloud Console Sync. Once the web form is submitted, the Inspection Manager Support team will be notified about your request. Please also provide a full property and inspection export from Console Cloud so IM Support can compare the systems after sync is activated
